

PACIFIC HEALTH SYSTEMS

You are in good hands

We know that choosing a home health care provider can be confusing. We also know how critical that decision is. For your family or for someone you love, you need all the information you can get and comparative data that will help you make a sound decision. Pacific Health Systems is here to help make this critical choice easier. You can count on us to provide you with qualified professionals who will meet your expectations for home health care.

Nursing Services

Pacific Health System is staffed with Professional Registered Nurses (RNs) and Licensed Practical Nurses (LPN)

Personal Care

At Pacific Health Systems, we offer a level of care that involves activities of daily living

Companionship

At Pacific Health Systems, we understand the value of human companionship
